Dear Mayor X,

The Olympic and Paralympic Games are only weeks away. Preparing for this major event has enabled the city of Paris to accelerate its ecological transformation, build up its resilience to climate change, and become stronger and less prone to climate-related disasters.

To ensure that this celebratory moment also brings together all energies for the benefit of the Climate, I have decided to organize a meeting of mayors to discuss the ecological transformation of cities. This gathering will be held on July 25 at the Paris City Hall. It will adopt an innovative format that will encourage a wide range of exchanges.

The meeting will continue with a personal invitation to attend the opening ceremony, held on July 26 in the late afternoon and evening, in a unique setting, details of which I shall reveal soon.

I hope to be able to count on your presence at these events. To this end, I invite you to confirm your participation before May 31 at conferences.internationales@paris.fr with the subject line: Paris 2024. As soon as we receive confirmation of your attendance, my staff will contact you to discuss the arrangements to be made.

Yours sincerely

Dagskrá borgarstjóra í París dagana 24. – 28. júlí 2024

1. A dinner will be held on July 24 evening (8:30 pm) at an emblematic location in Paris
2. A summit on ecological transition will be held on July 25 at 9:00 am. It will be designed in a horizontal format that will enable as many people as possible to share an innovation deployed in their city. The event, closed to the public, will be video recorded and broadcasted live. It will be followed by a visit to the "Paris!" exhibition on the city's transformations and a cocktail reception.
3. In the afternoon, city networks (C40, GCoM) boards will be held with the cities that sit on these bodies.
4. On the 26th, the mayors will be invited to the Musée Bourdelle at 5:00 p.m. for a visit of the museum before a transfer to the Eiffel Tower. A dinner will take place on the first floor before the opening ceremony of the Olympic Games, which they will enjoy from this unique location.
