

Dragðu úr sýkingarhættu vegna COVID-19

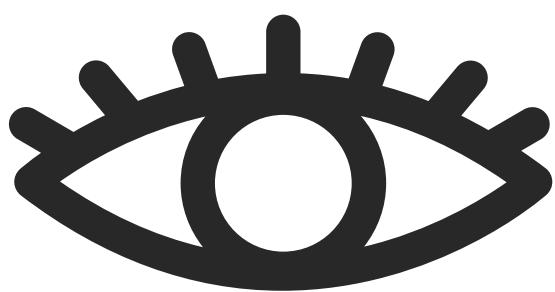

Hreinsaðu hendur með vatni og
sápu eða handspritti

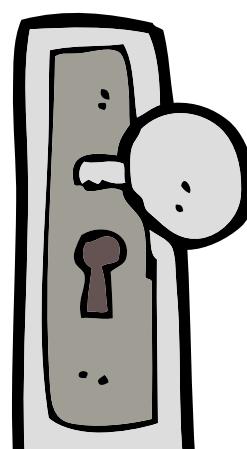

Hóstaðu eða hnerraðu í kreptan
olnboga eða í pappír

Forðastu náið samneyti,
þ.m.t. handaband, faðmlög og kossa

Gættu hreinlætis og forðast
snertingu við augu, nef og munn

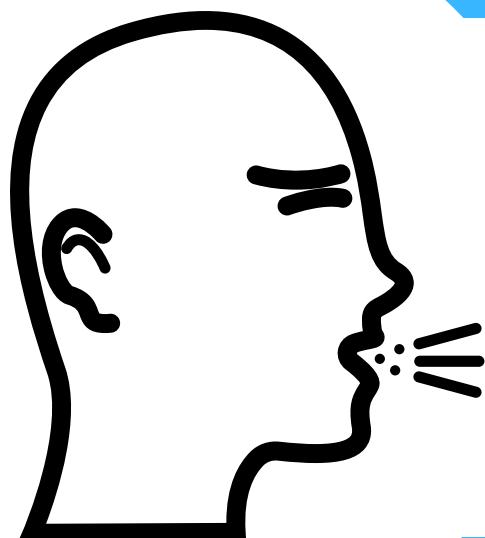

Gættu að snertiflötu á fjölförnum stöðum
s.s. handriðum, lyftuhnöppum, snertiskjám,
hurðahúnum og greiðsluposum

Prevent the spread of COVID-19

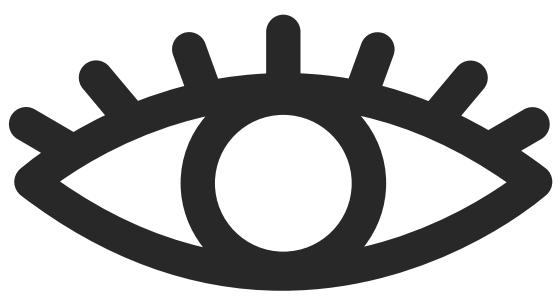

Wash hands frequently with water and soap and/or disinfectant

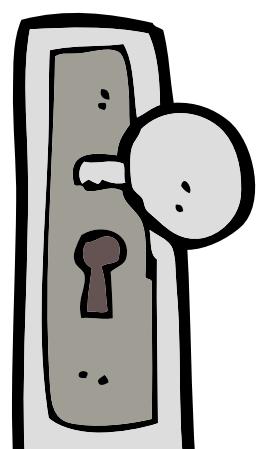

Cover your mouth and nose with flexed elbow or tissue paper when coughing and sneezing

Avoid close contact, e.g. handshaking, hugs and kisses

Avoid touching eyes, mouth and nose with uncleaned hands

Surfaces (e.g. desks and tables) and objects (e.g. telephones, keyboards, elevator buttons, touch screens, door knobs) need to be wiped with disinfectant regularly
